Portfolio: portfolio-theta-smoky-pzjrirahh2.vercel.app

Objective

B.Sc. Artificial Intelligence & Data Science student with hands-on experience in Java, Flutter, Django, and PostgreSQL. Passionate about building scalable applications, solving real-world problems, and continuously learning modern technologies. Seeking an internship to apply my technical skills, contribute to innovative projects, and gain hands-on industry experience.

Education

Bachelor of Science (AI & DS) | Rathinam College of Arts and Science | 2024 – 2027 (Pursuing)

HSC | Devanga Hr Sec School | 2022 - 2024 | 69%

SSLC | Sri Visweswara Vidyalaya Matric Hr Sec School | 2021 - 2022 | 70%

Skills

Technical Skills :

- Java
- Dart
- Flutter
- Django

Soft Skills :

- Problem Solving
 - Quick Learner & Adaptable
 - Collaboration
 - Time Management
-

Projects

College Event Management System

Technologies: HTML | CSS | JavaScript | Django | PostgreSQL

- Developed a web-based system enabling category-wise event registration with secure user authentication.
- Built an admin dashboard to manage events, participants, and registrations using Django and PostgreSQL.
- Designed a responsive interface and optimized database operations to improve application performance and usability.

Vibe – Offline Music Player

Technologies: Flutter | Dart | Hive | just_audio | on_audio_query

- Developed an music player with local music library scanning, playlist management, and audio playback.
 - Implemented a responsive Flutter UI with play, pause, skip, and favorites using Hive for local data storage.
 - Optimized app performance by integrating efficient state management and smooth media playback for an enhanced user experience.
 - Added song search, playlist organization, and persistent favorites to improve music accessibility and user experience.
-

Workshop

Mastering Generative AI – IISc Bangalore (March 2025): Gained hands-on experience with generative AI models and real-world applications across text, image, and data generation.

Tools & Technologies: Python, TensorFlow, Prompt Engineering, Tokenizers

Introduction to Machine Learning – IIT Palakkad (September 2025) : Acquired foundational knowledge of supervised and unsupervised learning, model evaluation, and optimization techniques.

Tools & Technologies: Python, NumPy, Pandas.

Certificates

- Git & GitHub - Google
